

Both the CDC and the WHO believe that the risk of contracting the virus is relatively low.

UnitedHealth Group is actively monitoring these sites and other public health resources to ensure we respond appropriately to the needs of our employees, customers and members.

What if I think I was exposed to the 2019-nCoV ?

If you believe you may have been exposed to 2019-nCoV, it is recommended you avoid public places, including public transportation. Call your primary care provider (or local public health agency) immediately to ask for guidance.

Is there a treatment for 2019-nCoV ?

At this time, there is no specific treatment for 2019-nCoV. Supportive care is recommended for patients with symptoms. For more information, visit [cdc.gov/coronavirus/2019-ncov/index](https://www.cdc.gov/coronavirus/2019-ncov/index.html) or [who.int](https://www.who.int).

For additional information, visit [cdc.gov/coronavirus/2019-ncov/index](https://www.cdc.gov/coronavirus/2019-ncov/index) or [who.int](https://www.who.int).
